	<b>Sub-Act Comment(s)</b>	2004 Priority Summary: Parks Department finds that this project is not feasible to undertake due to health concerns regarding fecal coliform and maintenance/operations costs. SPU supports this project, but has no drainage role to play on this property. A committee of the Licton Springs Community Council continues to explore other options for preserving the pond, such as establishing a view easement designation. They have approached King County/Metro for possible funding.	Beth Pflug 05/07/04
